

Lucky For Him

George Van Rassel, D.F.M., of Timmins, Ont., for whom "13" turned out lucky in the end. On the night of July 13, 1942, he was detained in a ship's hold in the Atlantic. Caught in the blinding light of two flares and heavily pummed by six-inch fire, Van Rassel was forced to use a creative tactic and was successful in getting away. He later made a crash landing without injury. He was awarded the Distinguished Flying Medal.

Trim Suit For A Tot

The British government has informed business that it must cut down on celluloid film by 50 per cent, and trade experts believe the heaviest way will be by short runs in movie houses.

A newly-developed glass which permits gas welders to look through blinding glare and see welding operations from beginning to end is announced by Dr. E. D. Byers, research director of the American Optical Company.

WORLD HAPPENINGS BRIEFLY TOLD

Yugoslavian troops killed 12,000 Germans and Italians in February, says a Tass dispatch from Cairo.

The Dominion bureau of statistics reported that the commercial production of hay and pasture seeds in Canada in 1942 is currently estimated at 34,700,000 pounds.

The University of Manitoba has accepted a \$1,000 fellowship to commemorate the outstanding contribution to western agriculture of the late Dr. E. C. Horn.

Brig. A. J. Orsini, who was recently made Commander of the Bath for his work in the Middle East has been appointed director-general of medical services in South Africa.

Work has been started on translating the Encyclopedia Britannica into Chinese, it was announced. This "colossal undertaking" will require several years, the announcement said.

The Yugoslav government in London said that the British had received 1,250 Serb hostages in Belgrade along with two recent massacres, apparently in fear of an allied invasion of the Balkans.

The British government has informed business that it must cut down on celluloid film by 50 per cent, and trade experts believe the heaviest way will be by short runs in movie houses.

A newly-developed glass which permits gas welders to look through blinding glare and see welding operations from beginning to end is announced by Dr. E. D. Byers, research director of the American Optical Company.

SMILE AWHILE

The lanky curly fellow leaned out of his cab and loudly abused the young man in the station car. The girl stood as long as she could, but she knew she was going to say something to that curly fellow, and said at last:

"You I am," replied her companion. "Just wait until I get the car started."

"Now that the war has placed men over or less on the same level," declared a news-writer, "I am afraid the end of the Old School Tie is in sight." "Never if it is neatly tied," says a champion.

Young Wife: "The afraid, dear, my pie is out of it much. I think it will get left something out."

Hubband: "Nothing you left out could make it taste like that."

Mother: "Betty, John brought you home very late last night."

Young Wife: "Yes, it was late, Mother. Did the noise disturb you?"

Mother: "No, dear, it wasn't the noise. It was the silence."

The teacher was testing the observation ability of his kindergarten class. Slapping a half-dollar of the teacher, she said sharply: "What is that?"

Instantly a voice from the back of the class replied: "That's a nickel!"

Big game hunter: "You couldn't suppose you found your infantry company out from the rest of the battalions, happily?"

Surrounded on all sides by armed forces, what would you do?

Captain: "By George, sir, you are a pessimist."

Girl: "I want to see some kid gloves for my eight-year-old daughter, please."

Click: "Yes, madam, white kid?"

Girl: "No."

"I admire the harmony that seems to prevail between you and your wife. Don't you ever have differences of opinion?"

Goat: "Oh, yes—very often."

And yet you get over them so quickly."

"Ah, that's the secret. I never tell her about them."

Jerry: "You're not along with your wife in that fight the other night?"

Gerald: "Oh, she came crawling to me on her knees."

Jerry: "You? Well, what did she say?"

Gerald: "Come out from under that dog, you coward."

Minister: "Tonight I will steal beneath the moon and whisper a sweet serenade."

Madame: "No, and I will drop you forever."

Minister: "Ah, in a moment of mad love?"

Madame: "No, in a plot!"

Joe: "What was your wife queering last night?"

Joe: "Why she was scolding the dog."

Joe: "Poor beast! I heard her threaten to take the front door key away from him."

The name curvate is believed to stem from a 15th century type of French sailing boat known as a corve.

NAVAL AWARDS FOR C.N.S. OFFICERS

Honors and promotions have been conferred by 12 former officers of the Canadian National Steamships now serving in the Royal Canadian Navy. All of these are honored are professional seamen who entered active service from their post-graduate training through the Royal Canadian Naval Reserve. Five of them, commencing an appointment, served their active sea-going career with the company. Of those who were awarded recognition in the Honors List, three were appointed to be officers of the Military Division of the Order of the British Empire, and one was awarded the Distinguished Service Cross.

Eight officers of the Royal Canadian Navy who had formerly served on the deck, in the engine room and in the purser's department of the Canadian National Steamships received promotions. Shown above:

1. Lieutenant Commander H. Clarke, R.N.C.N., whose home is in Halifax. He was formerly a first officer in the Canadian National Steamships.
2. Lieutenant (Engineer) to G. D. Rogers, R.N.C.N., of Montreal, formerly a coast engineer on the Canadian National Steamships. He joined the engine room force of the company in 1930.
3. Lieutenant-Commander (Engineer) A. B. Ritchie (Purser) of Vancouver, R.N.C.N., who served on the Canadian National Steamships. He joined the company in 1930.
4. Acting Commander C. D. Watt, R.N.C.N., a native of Nelson, B.C., whose home is in Halifax, and former Chief Officer with the Canadian National Steamships. He entered service in 1910.
5. Commander G. C. Robertson, R.N.C.N., who served on the Canadian National Steamships. He entered service in 1910.
6. Commander G. C. Robertson, R.N.C.N., who served on the Canadian National Steamships. He entered service in 1910.
7. Commander G. C. Robertson, R.N.C.N., who served on the Canadian National Steamships. He entered service in 1910.
8. Commander G. C. Robertson, R.N.C.N., who served on the Canadian National Steamships. He entered service in 1910.
9. Commander G. C. Robertson, R.N.C.N., who served on the Canadian National Steamships. He entered service in 1910.
10. Commander G. C. Robertson, R.N.C.N., who served on the Canadian National Steamships. He entered service in 1910.
11. Commander G. C. Robertson, R.N.C.N., who served on the Canadian National Steamships. He entered service in 1910.
12. Commander G. C. Robertson, R.N.C.N., who served on the Canadian National Steamships. He entered service in 1910.

Doing Good Work

Secretary of State For India, P. M. S. Vaidya, has been awarded the Order of the British Empire. He is a member of the Indian National Congress and has been active in the Indian independence movement.

New Money

Visitors to London these few years have commented on the new type of currency in circulation there. It is the outcome of the policy of the government of raising money to become an American commodity.

The primary question of the English language is no longer the price of a given article in sterling, but its cost in pounds. The coupons, accompanied by the legal currency, are accepted in the same way as money. Merchants even take them to the bank and deposit them as they do conventional money, and draw against them for replenishment of stock from wholesalers. Thus a new trend takes its place in the national economy by the legal currency, and is reckoned with in all transactions from the lowest to the highest level. (Continued Tomorrow)

DEMAND EXCEEDS SUPPLY

Twice as many wedding rings are to be made in Britain during the next few months. Protestants about the shortage have been reaching the board of Trade. An official said: "We've even heard that in some cases the person conducting the wedding had to take off his ring and lend it to the bridegroom for the occasion."

Another Job

GROW MORE VEGETABLES

The launching of a national campaign to increase the growing of vegetables by non-commercial individuals and groups is announced by the United League of Canada. It is the intention of the League to awaken Canadian citizens from coast to coast to the need for increased vegetable growing in 1943.

It is pointed out that there will, in all probability, be a scarcity of certain commercially grown vegetables in Canada this year. The reason for this are:

1. The export of large quantities of processed vegetables to our overseas forces and to the people of the United Kingdom.

2. A decline in commercial growing due to labor shortage and transportation problems.

One answer to the problem, says the Health League, is the home vegetable garden. That part of the population living in rural areas will probably continue to grow their own vegetables. City dwellers, however, need to put their backyards to good use by planting vegetables this year. By so doing they will relieve any possible shortage, as well as get a fascinating hobby.

The Minister of Agriculture, the Hon. J. G. Gardiner, states: "We of this Department fully endorse the encouragement of backyard and community gardens in 1943, and have already communicated with provincial departments if agriculture suggesting that encouragement be given to such projects this year."

Provincial Departments of Agriculture, Education and Health, have expressed their endorsement of this campaign for this year.

Retiring From Politics

Miss Margaret Bonfield, who is a member of the House of Commons, has been asked to resign her seat.

She has withdrawn her prospective candidature for the Labor party in Reading. Miss Bonfield has three children to fame. She is the only woman cabinet minister in the United Kingdom to have done so.

She was the first woman private member of the House of Commons. She was the first woman to become a member of the Trades Union General Council.

At present she is in the United States on a lecture tour. She was one of a family of eleven children, and her father was a member of the House of Commons.

She became a shop assistant. She became a strong trade unionist and worked a letter in a newspaper, over her life long conditions for over thirty shop employees.

PART OF LESSONS

Since salvage was introduced into Canada at Memorial, Doncaster, Church, and other schools, people have treasured the school's scrap target. Artistic is linked with the amount of salvage required to make various items of war material and for English composition the children write letters of thanks for salvage.

CONFERENCE OF SIX NATIONS MAY BE CALLED TO CONSIDER MANY POST-WAR PROBLEMS

Washington.—President Roosevelt said today that perhaps the United Nations conference might be called to consider various phases of post-war problems.

Plans are under way for a conference on food production and distribution for all the populations of the world after the war.

In addition, the president told a press conference, probably there will be a meeting on post-war relief.

Further that, he said, there may be two or three or four other conferences, mainly in the fields of commerce and finance.

Meanwhile, a plan by British Foreign Secretary Eden that U.S. Secretary of State, Mr. Clegg, would their wartime unity into the framework for a lasting peace encouraged congressional advocates of collective security to new efforts.

Mr. Roosevelt gave an indication as to when or where the conference might be held, but he indicated that it would have gone into the United Nations for a final report.

He said he hoped it will not be held in Washington, adding that he has been asked to give other smaller spots in U.S. in mind.

Once before the president expressed a view that a smaller place is more desirable for an important meeting, citing the success of the talks with Prime Minister Churchill at Casablanca.

While a tentative date has been picked for the food discussions, Mr. Roosevelt would not specify the one in which it is expected to take place, however, within two months.

WORKERS DEFIANT

Refusing German To Report For Duty In Siam

London.—German troops in Siam have started home-to-home searches for French workers defying a labor ban imposed at around 1,000,000. Frenchmen to Germany within three months, underground, reports from the southern end.

The latest reports of smuggling workers from France to Siam, a Vichy chief had promised 1,000,000 French workers for his war effort. Since the start of the year, 350,000 have been conscripted.

The countryside rebellion against the German was reflected in reports that the French were refusing to work in the plantations. The French, with occupation authorities, tried to root the dissidents out of their hiding places.

MUCH TIME LOST

Strikes In January Shaped Increase Over Last Year

Ottawa.—Lost time through strikes increased sharply in January. The labor department has reported. In that month there were 34 strikes compared with 13 in December, 1942, and a similar number in January, 1943.

Strikes of steelworkers at Sydney, N.S., Trenton, N.J., and South Sea Island, accounted for 40 per cent of the time loss last year compared with 6,016 the previous year and 4,600 in January, 1942.

The number of workers involved in January strikes was 19,857. In December, 1,484 workers were involved in strikes totaling 160,707 man-weeks, 2,715 in January, 1943.

JUST PROPAGANDA

Gorbels Has Good Reason For Spreading Reports About Hitler

Spreading England.—Edgar Gorbels, a prominent member of parliament, said in an address that reports Hitler is ill are mere propaganda in order to lead the United Nations to complacency.

"Propaganda Minister Gorbels is attempting to put into a Negro Nazi sensation since the fight of Nazi," he said. "It takes the form of saying Hitler is ill, destroyed by the German army or retired to Berchtesgaden."

This was described as a desperate trick intended to "poison our readiness to come to find out the truth about Hitler in Europe." Gorbels said: "We have got to defeat Hitler's army as Hitler, Gorbels' rhetoric as well as Reichsmarschal Goering's army."

LAST KEPT SECRET

London.—Prime Minister Churchill in the House of Commons refused permission for members of parliament to inspect the list of war criminals being compiled by a United Nations commission, saying it was a matter concerning many other governments.

ALFALFA MEAL BUREAU Ottawa.—As a means of encouraging maximum production of alfalfa meal, producers of such meal will be asked to donate a portion of their culture department announced. The money will be paid to the alfalfa and feed for sale. The alfalfa and feed of alfalfa are to be maintained.

WILL MEET SHORTLY

Union of Frenchmen

Algiers.—All political parties and statements of French chief of state Michel Petain were removed from public libraries throughout North Africa in order of the Grand government as another step toward a full-scale fighting French.

Further evidence of a rapprochement with the forces of Gen. Charles de Gaulle was seen in reports that Gen. Georges Catroux, fighting with the delegate general to Syria, will be appointed deputy chief of command of North Africa.

The French national committee announced that it will be authorized to leave shortly for Algiers center with a view to consulting a union of all Frenchmen who are fighting the Axis.

OVERSEAS ARMY Mexico Is Making Effort To Support United Nations

Mexico.—A member of the Mexican parliament said that Mexico is making every effort to send as many overseas. The M.P. was Alfredo P. D. Roa, and he addressed a crowd given in his honor by the Mexican Overseas Association.

Mexico and Mexico City will give the lead to other Latin-American countries in fighting the Axis and supporting the United Nations.

WILY, ROME JAPAN New York.—The Tokyo newspaper Asahi said that Japan expects the United States air force to bomb industrial districts of Japan this year, or at the latest, next year and expected to the population to be prepared. The Asahi, however, said the Berlin radio quoting a Tokyo dispatch, was recorded by The Asahi and Press.

Mediterranean Chief

Under Development Which Will West Of Port Arthur

Toronto.—Stop Rock Iron Mines Limited has launched a successful campaign in negotiations for funds to develop the property which is the west of Port Arthur and the work was now proceed at all possible speed with expectation of bringing the mine to the production stage within 12 months from the present. This announcement was made at a meeting of the shareholders.

Under agreements concluded the company will develop a mine of 500 in Canadian funds and, according to the company's engineers, the men will be sufficient to put the mine on a production basis. Plans envisage production of 2,000 tons of ore annually and at that rate of mining the estimated ore reserves would keep the plant operating for 12 years.

The bulk of the money is assured from the United States, under a four per cent first mortgage loan the Reconstruction Finance Corporation in Washington, D.C., is advancing \$1,000,000.

STEEL ROCK IRON

To Develop Property Which Lies West Of Port Arthur

Toronto.—Stop Rock Iron Mines Limited has launched a successful campaign in negotiations for funds to develop the property which is the west of Port Arthur and the work was now proceed at all possible speed with expectation of bringing the mine to the production stage within 12 months from the present. This announcement was made at a meeting of the shareholders.

Under agreements concluded the company will develop a mine of 500 in Canadian funds and, according to the company's engineers, the men will be sufficient to put the mine on a production basis. Plans envisage production of 2,000 tons of ore annually and at that rate of mining the estimated ore reserves would keep the plant operating for 12 years.

The bulk of the money is assured from the United States, under a four per cent first mortgage loan the Reconstruction Finance Corporation in Washington, D.C., is advancing \$1,000,000.

FIGHT AGAINST SUBMARINES EXPECTED TO BE HARDEST DURING THE PRESENT YEAR

London.—Indications have multiplied that Germany is now pushing her greatest submarine effort during the spring of 1943 in an effort to disrupt the Allied convoys.

The Anglo-American-Canadian anti-submarine effort, which has been included in Washington indicated that the Allied navy command already is planning to meet the challenge.

"There is no doubt," the London Daily Mail commented, "that the present year is at its height in 1943. Hitler's only chance to reverse the course of the war is to make a move to stop the coming Allied offensive in the west."

"The only way he can do that is by disrupting our supply lines by attacking our convoys. He must make a stream of materials and reinforcements which will be needed to maintain the offensive. It is a matter of time."

"The real test will not be fought between April and October in the Atlantic, but in the Mediterranean, where we may expect to attack with new submarines and bigger wolf packs."

Another wolf pack of the U.S. submarines was reported by the U.S. navy department, which said it was waiting for another Allied convoy in the North Atlantic last month, the British navy said.
